Product Brochure

Capacity	200
Object To Be Printed	T Shirt
Usage/Application	Film
Voltage	220V
Finish	Polished
Resolution	1440×720
Automation Grade	Automatic
Weight	200gm
Number Of Stations	1
Driven Type	Automatic

Here are **5 key specs** of a **DTF (Direct to Film) Roll to Roll Software**:

- **Automated Roll Feeding & Printing Control:** Seamlessly manages continuous printing on roll-fed film, optimizing feed speed and minimizing material wastage.
- **White & Color Layer Synchronization:** Ensures perfect alignment between white underbase and CMYK color layers for vibrant, high-quality prints.
- **Advanced RIP Integration:** Compatible with popular RIP software (e.g., FlexiPRINT, Maintop, or Acrorip), enabling precise color management, ink limit control, and ICC profiling.
- **Batch Job & Queue Management:** Allows users to queue multiple print jobs with real-time monitoring, job prioritization, and status updates to boost workflow efficiency.
- **Heater & Dryer Synchronization:** Integrated control for heaters, dryers, or shakers to coordinate curing time and powder application based on media and print speed.

ACRORIP V11.2 is the latest genuine RIP software for DTF printing, compatible with various Epson-based printers. It offers easy installation and a user-friendly interface, packed with features:

- Multi-image handling
- One pass white and color printing
- Custom channel settings for personalized requirements
- Improved color expressions for vivid prints
- Proprietary RIP BOOST setting for up to 40% faster printing on demand
- Paper cut function for specific Epson printer models
- Roll printing support for select Epson models
- Compatibility with popular Epson printers, including L800, L1800, Artisan 1430, SureColor P400, P600, and more (desktopDTF version)
- Compatibility with wider-format Epson printers like Stylus Pro series, SureColor P800, P5000, P6000, and DTFPRO Thunderbird (wideDTF version).
